File No. Prev. of Fragmentation II/51 (N)

5/2-B

Gen. 194 e.

Ortion of the R.L.A.

The view taken by the Director of Land Records at page 16 that it is not necessary to consult the District Advisory Committee of Poona District over again is correct. The view taken by him in his letter at page 16 ante that it is not necessary to consult the District Advisory Committee of Satara North District in determining the provisional standard area in respect of rice land in Khunta village is not however correct. No doubt the District Advisory Committee, Poona District, was consulted in respect of such land in Khunta village which then formed part of the Poona District. But, as stated by the Collector, through slip the standard area in respect of rice land in Poona District remained to be notified. In law, therefore, the standard area in respect of rice land has not been notified under the Act. It is being notified now. To-day Khunta village forms part of the Satara North District and the District Advisory Committee for that district alone is competent to recommend the standard area in the new village. It is, therefore, necessary to consult that Committee. The portion relating to Khunta village has therefore been deleted for the present.

The reference in the Director of Land Records letter at page 15 ante and in the R.D. note to "the District Rural Development Board" appears to be a mistake for the District Advisory Committee which is referred to in section 4 of the Act.

2. The draft notification at pages 27-29 ante as slightly amended is in order.
